## ABOUT ME

I graduated from Singidunum University, majoring in Informatics and Computing.

I am currently seeking an internship or a junior position in my field.

With a great passion for my area of expertise, I am actively looking for an opportunity to apply my knowledge and gain valuable experience. I am motivated by continuous learning and improvement, and I am therefore ready to adapt to any challenge and work environment.

## EXPERIENCE

During my four years of study, I had the opportunity to work on various projects and acquire skills that helped me progress in the following areas:

HTML, CSS (SASS, Tailwind, Bootstrap), JavaScript (React, Angular, Node.js, Express.js) PHP, Python, Java, Linux, Git, object-oriented programming, computer networks, ethical hacking, software testing, databases, cryptography, artificial intelligence...
